

# Isle of Rhea and Bowley Town

*A riverside walk and a moderate climb for the view*

**4 miles (6.5 km.)**

**Start:- Car park opposite St Michael's School**

**Explorer 202 or Pathfinder 994 GR 531 511**

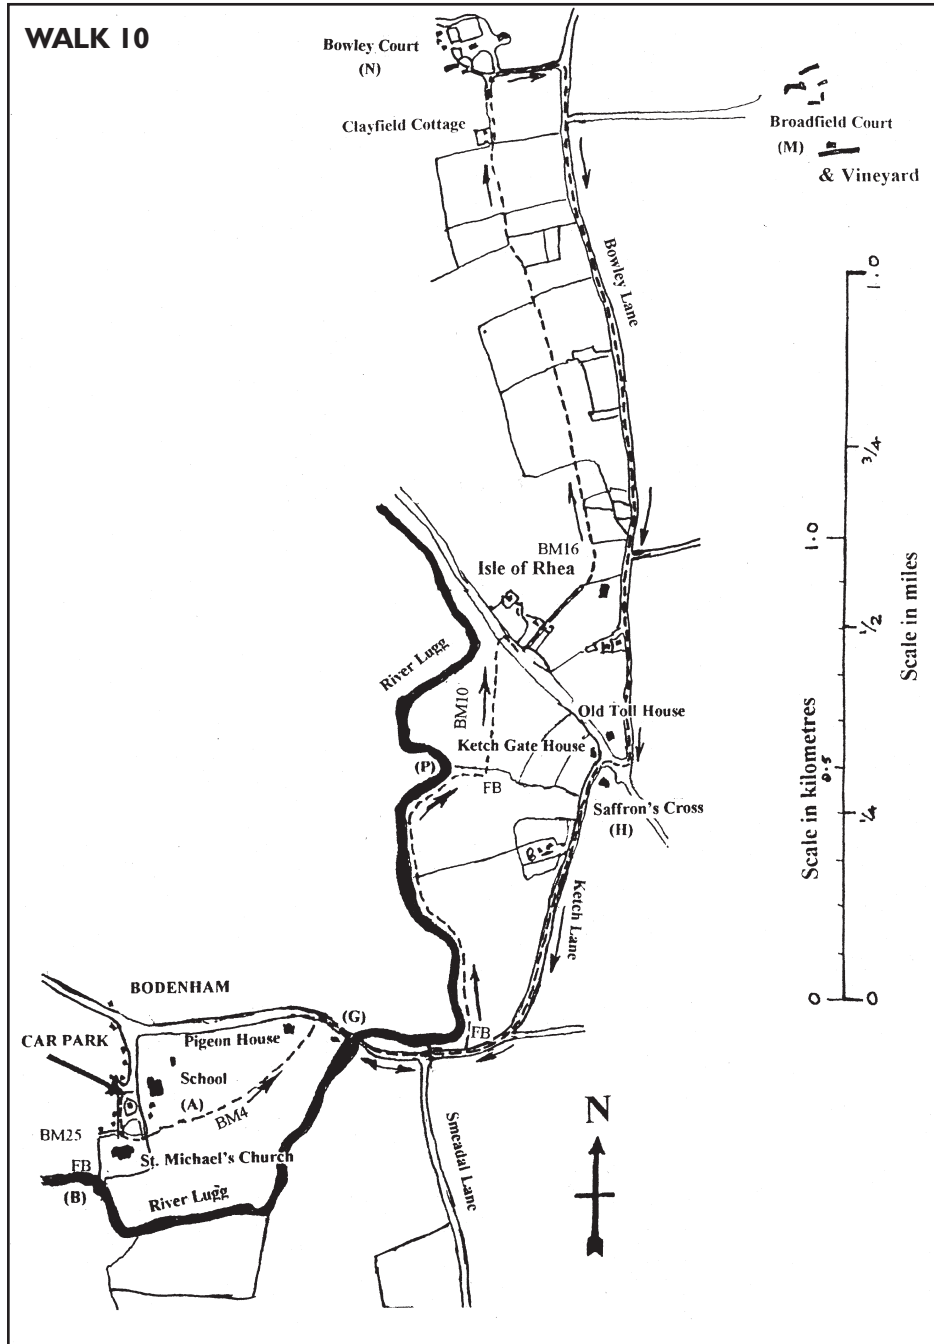

From the car park (A) take the footpath to St Michael's Church and turn left immediately through the lych gate. Leave the churchyard by the metal kissing gate and head across the field to pass through three more kissing gates on to the road. Turn right and cross Bodenham Bridge (G) and just beyond the road junction cross the footbridge on the left. Follow the riverbank through two fields until you meet a stream at the site of Bodenham Mill (P). Follow the stream to a footbridge. Bear left to a stile in the hedge ahead and turn right along the road for 100 metres and cross the road.

Walk between the houses and follow the track to a stile on the right. Cross this and cross the field to climb steadily and follow the hedge on your right over three more stiles until you reach a track by Clayfield Cottage. Having made several pauses to admire the view, head straight up the track and turn right along the drive from Bowley Court (N) to turn right down Bowley Lane. Passing Broadfield Court (M) on your left you reach Saffron's Cross (H). Go over the A417 into Ketch Lane (opposite), which you follow to the road junction. Turn right and walk back along the road, recrossing Bodenham Bridge (G), to the car park.

*Broadfield Court*
