Little Berrington and the River Lugg

A woodland, lakeside and riverside walk with two short sharp climbs

2.25 miles (3.5 km.)

Start:- Car park opposite St Michael's School

Explorer 202 or Pathfinder 994 GR 531 511

From the car park (A) take the footpath, Church Walk, immediately opposite the school gate. Enter St Michael's churchyard and, keeping the Church on your left, continue through a metal gate and cross the River Lugg by the footbridge (B).

Cross the field ahead signposted "Litmarsh" to a footbridge and climb the steps (D) to bear left along the top of the wood which you leave by a stile where you are rewarded by views over Dinmore. With the hedge on your left descend the field and then turn left with the lake on your right to a stile ahead (F). Turn right and follow the track round to the left and through a kissing gate into the lane. Turn left uphill and then descend the other side turning left into Smeadal Lane for 400 metres to a stile on the left. Cross the field to a stile in the far corner and on the same line continue to a stile by the river bank. Follow the River Lugg on your right to the footbridge and retrace your steps to the car park.

Bodenham looking south with part of the lake and Little Berrington Lake (top)
